

# Harnessing the power of **water** for younger looking **skin**

Over time, skin's natural hydration diminishes, leaving it looking parched, flaky and deflated. Water has the power to keep skin looking healthy and younger looking.

## Introducing Daily Glow GF

Daily Glow GF brings precious water into the stratum corneum, recreating the appearance of youthful volume. The revolutionary formula is a potent combination of texture-enhancing peptides, barrier-supporting lipids, anti-oxidant vitamins C, E and Ferulic ester and the natural Growth Factor Kinetin.

Daily Glow GF's innovative pairing of Acetyl hexapeptide-37 with Hyaluronic acid keeps water in the skin, reducing the appearance of fine lines. The deeper the hydration, the softer and smoother the skin appears. Studies show an unprecedented 131% increase in skin hydration after 8 hours with Acetyl hexapeptide-37.

When it comes to younger looking skin, harness the power of water. Harness the power of Daily Glow GF!
